

HELLO, I'M RADHE.

FULL STACK WEB DEVELOPER

ABOUT ME

Armed with a B.Tech in Mechanical Engineering, I spent years mastering CAD and mold design. However, my passion for innovation led me to a new horizon: web development. With a meticulous eye for detail and a knack for problem-solving, I've embarked on a journey to become a web development virtuoso. I'm dedicated to mastering languages like HTML, CSS, and JavaScript,

PROFESSIONAL SKILLS

and I'm determined to create seamless and captivating web experiences. My unique blend of engineering acumen and creative thinking sets me on a path to revolutionize the digital landscape.
